

Nordic Music Camp 2025 (DPA)

NMC will once again bring music creators together from all the Nordic countries. The vision is to strengthen the connection between Nordic music creators and by holding the camp at the Faroe Islands, allow us to enter a creative space away from any daily distractions and to be at one with the surrounding nature and each other. The idea is to give a chance for new collaborations, networking across the Nordic borders and to release music by and for Nordic artists.
